

A. Kiemen geassocieerd met ademhalingspathologieën

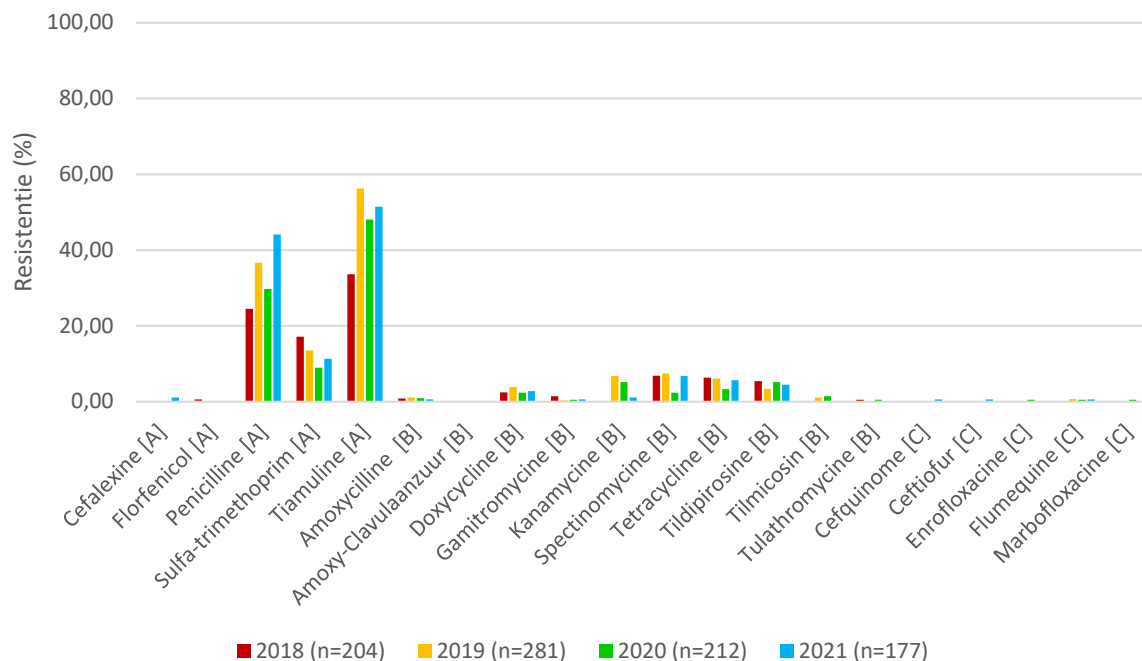

Bordetella bronchiseptica

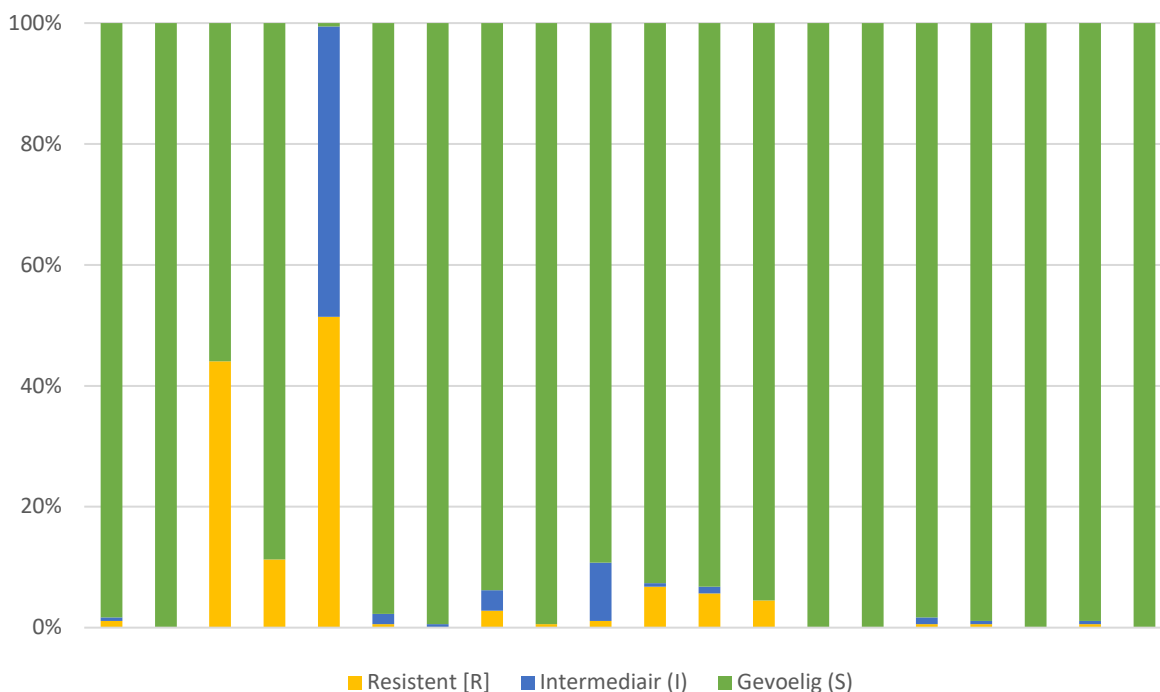

Bordetella bronchiseptica (n=27; 2021)

Pasteurella multocida

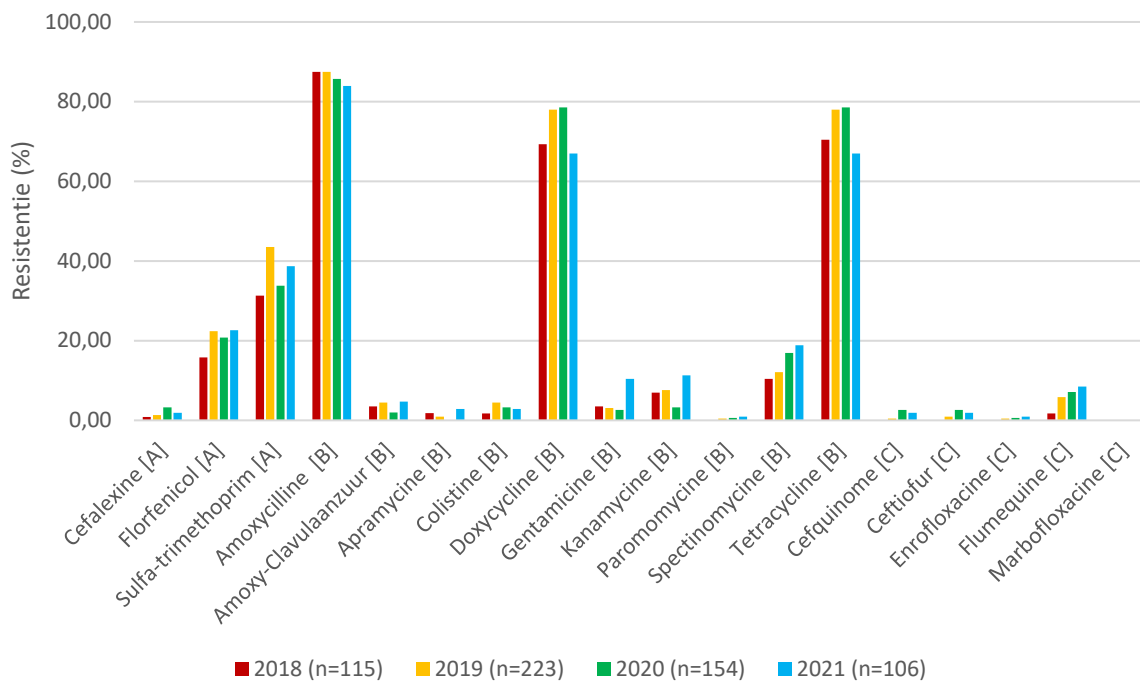

Pasteurella multocida (n=177; 2021)

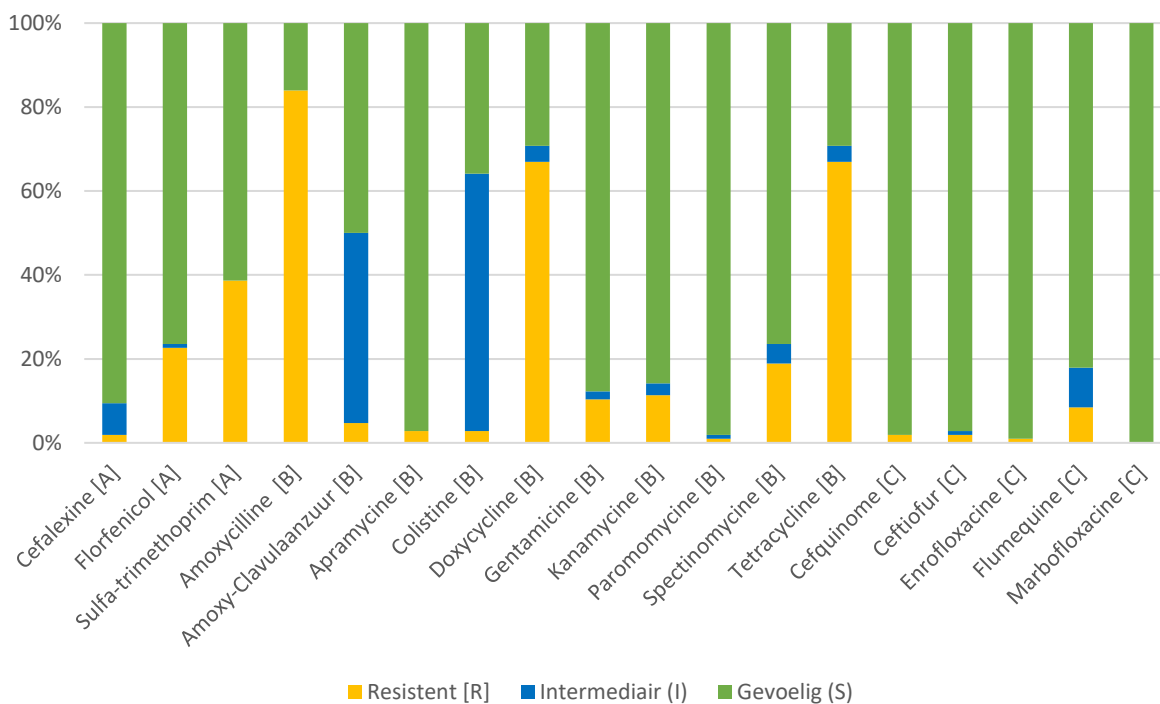

B. Kiemen geassocieerd met darmpathologieën

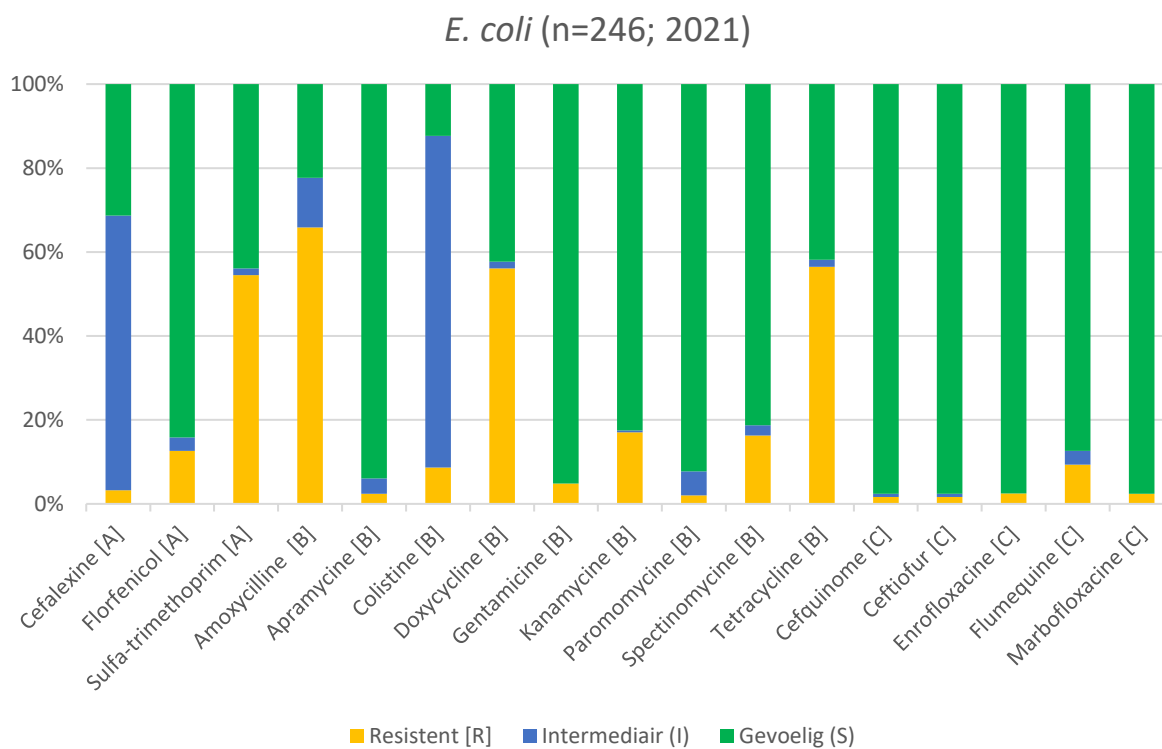

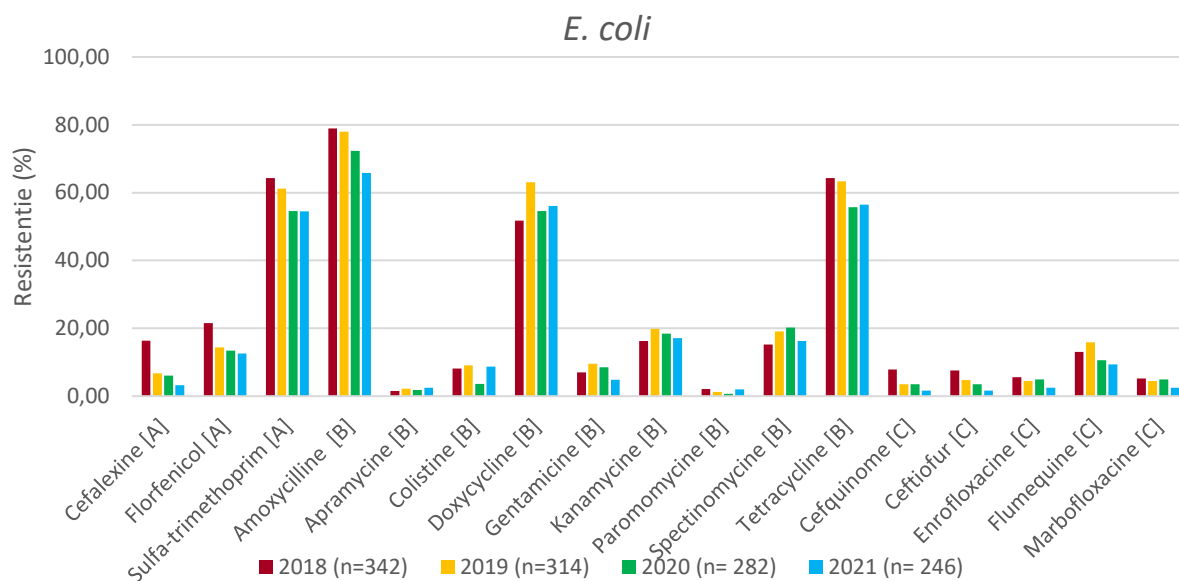

Salmonella spp.

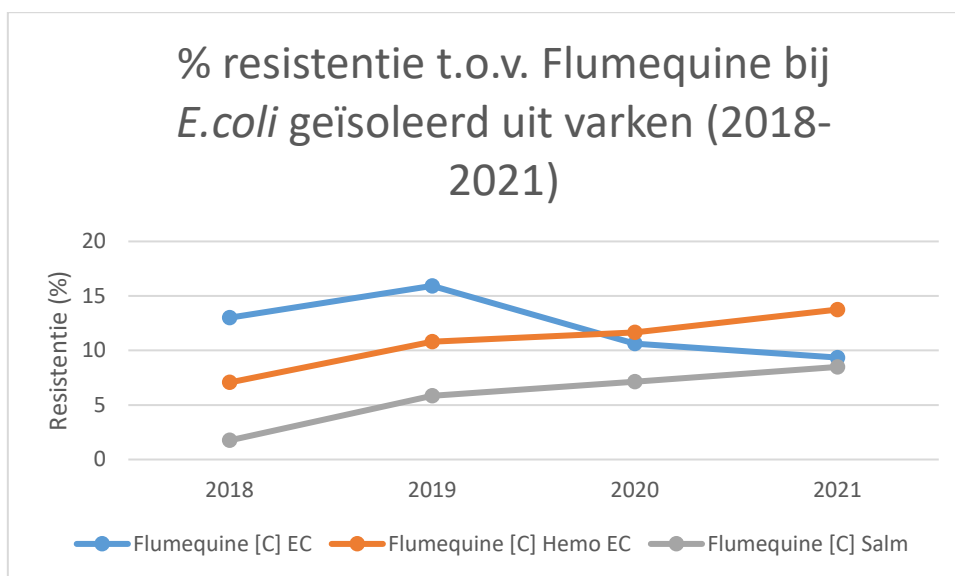

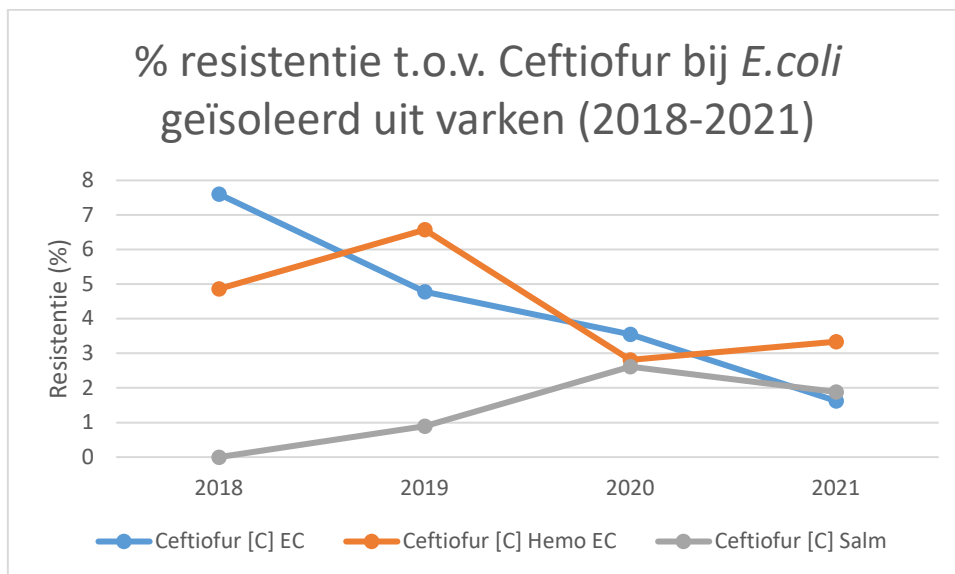

Salmonella spp. (n=106; 2021)

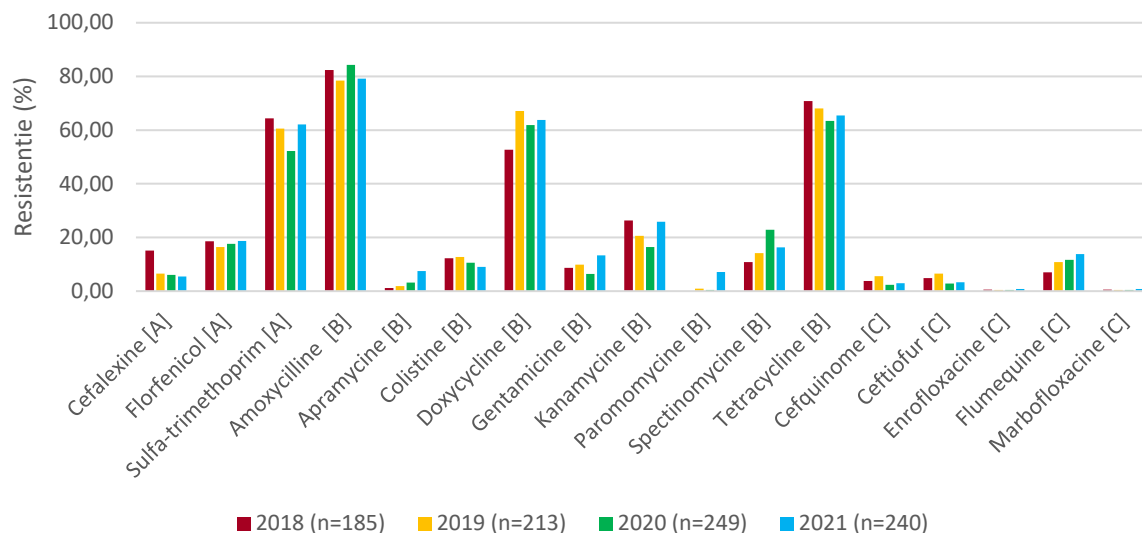

Evolutie resistentie periode 2018 – 2021 en SIR verhouding 2021

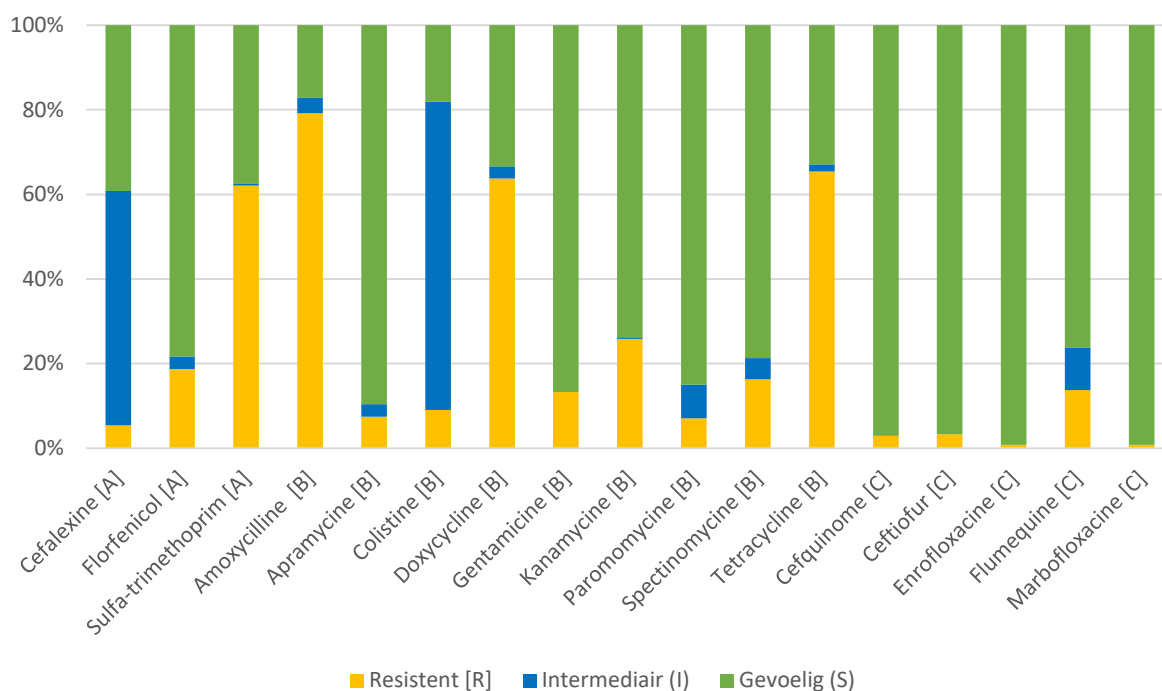

Evolutie resistentie periode 2018 – 2021 en SIR verhouding 2021

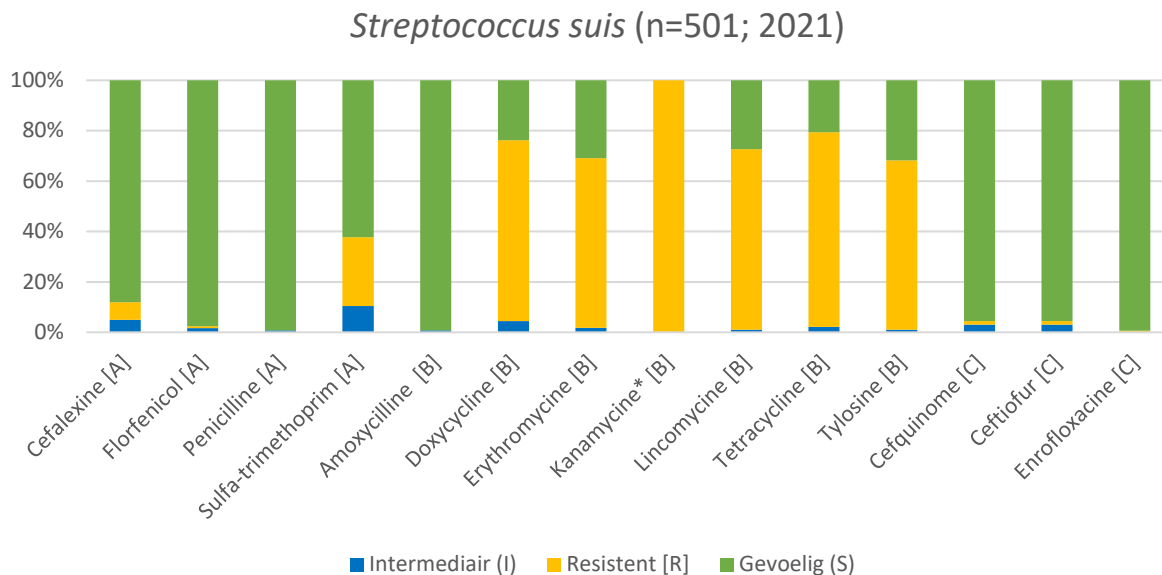

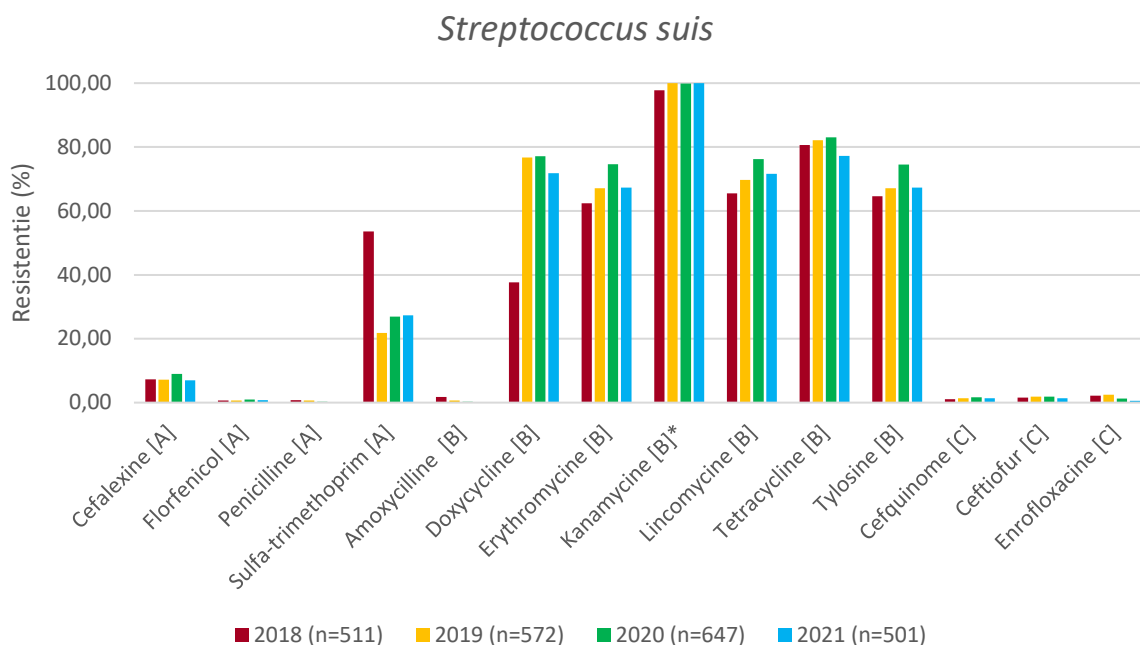

Haemolytische *E. coli*

Haemolytische *E. coli* (n=240; 2021)

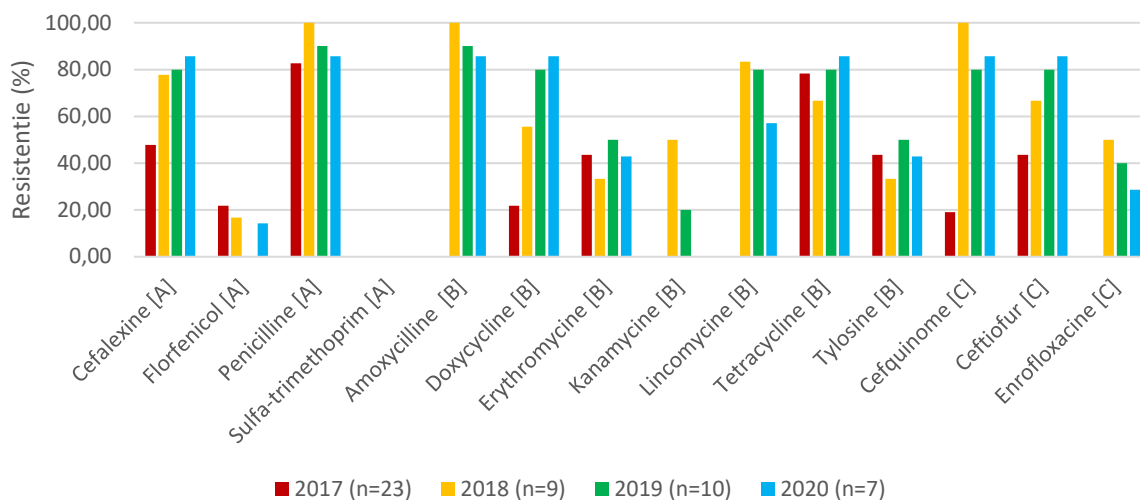

**C. Kiemen geassocieerd met sepsis, meningitis, encefalitis en
huidaandoeningen**

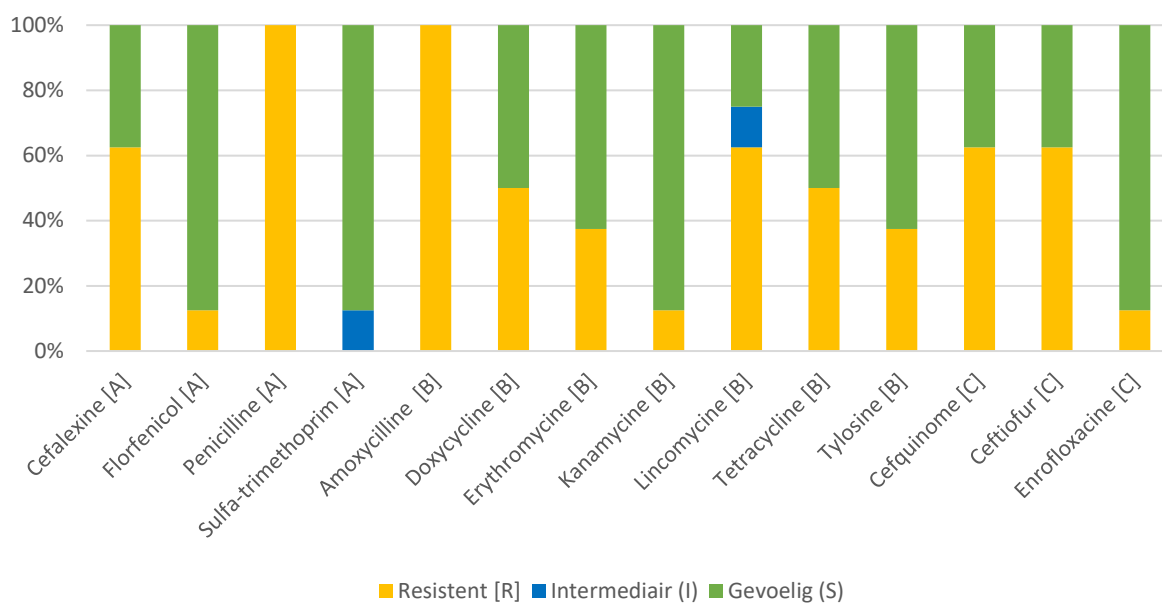

Evolutie resistentie periode 2018 – 2021 en SIR verhouding 2021

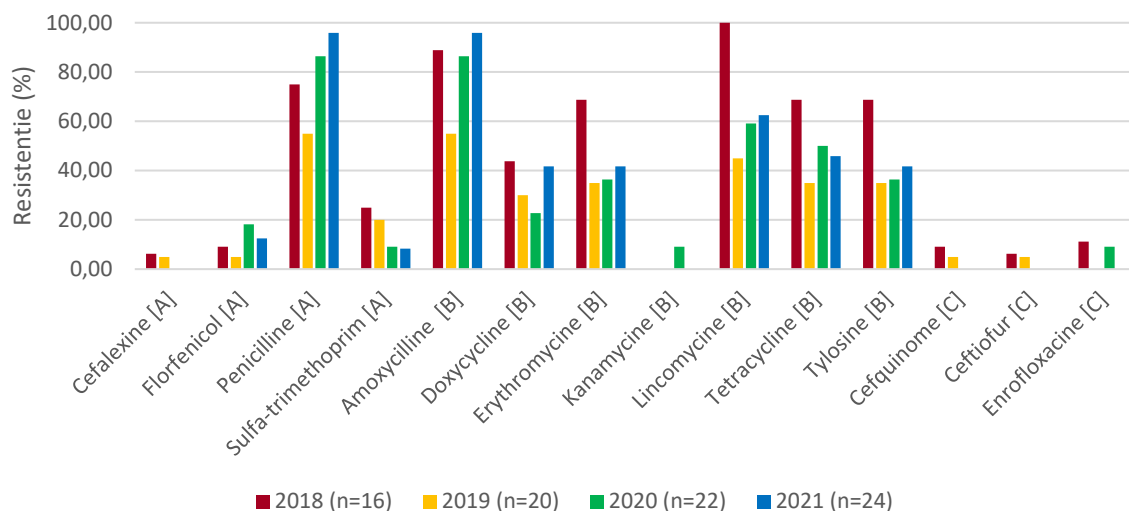

Staphylococcus aureus

Staphylococcus aureus (n=8; 2021)

Staphylococcus hyicus

Staphylococcus hyicus (n=24; 2021)
